- Latin American Studies
- Mexican American Studies
- Near Eastern Studies
- Education
- Health Education
- Nursing
- Physical Education
- Religious Studies
- Sociology
- Speech/Hearing Science
- Women's Studies

## INVESTIGATIVE

- Astronomy
- Atmospheric Sciences
- Biochemistry
- Biology (General)
- Chemical Engineering
- Chemistry
- Ecol & Evol Biology
- Electrical Engineering
- Engineering Mathematics
- Engineering Physics
- Geography
- Geological Engineering
- Geosciences
- Industrial Engineering
- Mathematics
- Microbiology
- Molecular & Cell. Biology
- Nutritional Science
- Optics
- Physics
- Computer Science
- Medical Technology
- Pharmacy
- Nursing
- Physiological Sciences
- Psychology
- Systems Engineering

## ENTERPRISING

- Business Economics
- Business Management
- Finance
- General Business Admin.
- History
- Marketing
- Political Science
- Public Management
- Regional Development
- Retailing & Consumer Sci.

## ARTISTIC

- Architecture
- Art
- Classics
- Creative Writing
- Dance
- English
- Fine & Performing Arts
- French
- German Studies
- Italian
- Journalism
- Language & Culture
- Linguistics
- Media Arts
- Music
- Philosophy
- Russian

- Theatre Arts

## CONVENTIONAL

- Accounting
- Economics
- Finance
- Management Info. Systems
- Operations Management
- Computer Science

## **REALISTIC (Physical)**

Agriculture  
Nature  
Military Activities  
Athletics  
Mechanical Activities

Where people are interested in mechanical, building, and repairing activities. Preference for working with things, objects, machines, tools, equipment, plants, animals, or in the outdoors.

## **CONVENTIONAL (Organized)**

Data Management  
Computer Activities  
Office Services

Where people prefer to work with information: organizing, recording, ordering, arranging, and managing written and numerical data in a systematic way with attention to detail.

## **ENTERPRISING (Persuasive)**

Public Speaking  
Law/Politics  
Merchandising  
Sales  
Organizational Management

Prefer to work with people to persuade, influence, manage, sell or lead, primarily for organizational goals on economic gain.

## **INVESTIGATIVE (Analytical)**

Science  
Mathematics  
Medical Science

Where people prefer to work with data and ideas related to science and math: to analyze, observe, learn, investigate, and evaluate facts and theories, or solve abstract problems.

## **ARTISTIC (Creative)**

Music/Dramatics  
Art  
Applied Arts  
Writing  
Culinary Arts

Preference for a creative, innovative, unstructured work environment that allows self-expression. Where people prefer to use their creativity to create or appreciate various art forms.

## **SOCIAL (Helpful)**

Teaching  
Social Service  
Medical Service  
Religious Activities

Where people prefer to communicate and work with people - to help, train, cure, empower, nurture and enlighten others.
